

### THE PLUS FOR EVERY CRAFTSMAN

The sound-absorbing, non-slip rubber mat for the stilt bearings of the alfertool range is positioned under the base of the stilt bearing to reduce impact sound by up to 12 dB.

BLACK

**RUBBER  
(TPV)**

### TECHNICAL SPECIFICATIONS

Mat thickness: approx. 3 mm  
Material: rubber (TPV)  
Width: 20 cm  
Length: 20 cm

All information is approximate. Since we can not assume liability for special applications, a corresponding suitability test must always be carried out by the customer.

### MATERIAL: RUBBER (TPV)

### PROCESSING

Clean the surface to be insulated and remove any existing unevenness. Spread the mat with the smooth surface facing upwards. Apply a protective film of polyethylene or similar and proceed with the installation of the floor laying screed.

### DELIVERY FORM

The noise protection mat is available in the size 20 cm width x 20 cm length (see catalogue).

### PACKING UNIT

Blister = 1 piece, per pack = 30 pieces

### SCOPE OF APPLICATION

Suitable for installation in damp and wet rooms, indoors and outdoors. Processing within 24 months from date of shipment.

### SPECIFICATIONS

- Quick and simple processing
- Maximum laying safety
- Reduces impact sound by up to 12dB

### STORAGE AND TRANSPORT

The noise protection mat should be protected against external impact and abrasion. Store dry and at room temperature, protect from direct sunlight.

### DISPOSAL

The noise protection mat can be supplied to plastic recycling.

### SPECIAL NOTE

#### Warranty and disclaimer

The application examples and tips shown in this data sheet and on our website are guidelines based on conventional crafting techniques. All information, including product-related information is standard. The author excludes any warranty for the information given in the data sheet and on the website. For the usability of products for specific purposes and for the occurrence of damage or the occurrence of defects by the information or tips given here, no warranty is also accepted. Errors, misprints and technical changes - as far as they serve the progress - reserved. Photos and illustrations are not binding. No liability for printing and image defects. Imitation and reprinting, even in part, is not permitted.
