## BUILT-IN NICHEs

### Good design is a niche.

The alferbox built-in niches offer you new opportunities to set design highlights. Different colours and sizes allow for a variety of designs – not only in the bathroom, but everywhere in the house. Whether you create an absolute eye-catcher with the niches or let them blend in with the surrounding tiles: Everything is possible according to your taste. If you wish, you can even tile the boxes – with the surrounding tiles or perhaps a mosaic? There are no limits to what you can do here.

If you have a choice, you are spoilt for choice: whether black, silver grey metallic or satin-finished V2A – alferbox always offers the right solution.

A matching sealing collar is available as an option.
