

alferquad

SQUARE EDGE PROFILES

For modernists who like to set a trend.

The high quality profiles not only protect the edges of the covering, they frame it. A more restrained detail for purists who prefer a clear and objective design. Whether as a closure or discreet border, alferquad feels at home in any modern architecture. The square edged profile is suitable for tile coverings starting at 4.5mm.

alferquadr

SQUARE EDGE PROFILES

Application square edge profile

alferquadr – The profile forms with its visible surfaces a distinctive rectangular outside corner. The accurate laying is done directly using the tile adhesive.
